

Spring Break Sticker

Make a sticker that represents the best parts of Spring break to you. The sticker must be less than 5 inches in all directions (fit it inside of a 5 x 5 square of space, for example). It doesn't have to be square, though, that's just the maximum size allowed.

Your sticker must:

- be fun
- use bright colors
- be done well.

When you finish your sticker, show it to Mr. Hays to get signed off, and be sure to turn in the Inkscape file.
